The University of Montana is desirous of carrying out the idea which governs similar Inter-Scholastic Meets in other states. It is anxious to bring the various high schools into closer union through friendly contests; to foster the different activities which tend to harmonize the educational systems and elevate the healthy ideas of student enterprise; and to offer an opportunity for the teachers and pupils from different part of the state to meet and exchange greetings. With this purpose in mind the University of Montana will hold its third annual athletic and declamatory contest on the dates named above. The athletic contests will be held on the afternoons of May 17 and 18, the declamatory contests on the evnings of May 16 and 17. On Friday evening, May 18, there will be a general meeting of all those interested in the inter-scholastic meet, when, among other things, the medals and prizes will be awarded to the winners of the various contests.

Rules of Eligibility.

The competitors in all contests, both declamatory and athletic, must be bona-fide students from the high schools of the state of Montana in accordance with the rulings adopted by the Montana State Inter-Scholastic Athletic Association, which are as follows:

Section 1. No student shall be eligible to play in any Association contest unless regularly enrolled in regular attendance,

Such pupils must show an original enrollment as described above.

Section 5. No student shall be eligible to play in any Association contest who has already played for four years in inter-scholastic games, or who is a high school graduate.

Section 6. No student shall be eligible to play in any Association contest who is more than twenty-one years of age.

Plan Adopted by the University.

The University of Montana proposes to carry out the following plan in connection with the Inter-Scholastic Meet:

1. The University will pay the railroad fare of three pupils from each of the accredited high schools of the state to Missoula, and return (meals and sleeper not included).

2. The University requests that the various school boards send one or more teachers with the school delegation; and to pay their traveling expenses. The University cannot undertake to pay the expenses of these teachers, nor are they included among the pupils as indicated in (1). In consideration of the great effort the University is making to secure as many pupils at this meeting as possible it is believed that school authorities will join in the plan to the extent of a teacher as a chaperone.

3. Entertainment will be provided on the University grounds for all visiting pupils and teachers coming under the two preceding headings. The athletic ground will be close by for practice, baths and exercises may be had in the gymnasium, and in the evening there will be the enjoyment of a friendly meet on the campus. This is especially desirable since the hotels in the city are a mile away. Those wishing to stay at the hotels must do so at their own expense. Lodgings for young men will be furnished with canvas cots, mattresses and pillows. They will be required to furnish towels and blankets.

4. Teachers and contestants will be admitted to the athletic contests free. An admission fee will be charged at the declamatory contest, but declamatory contestants will be admitted free.

5. Schools may send as many contestants as they desire, but the University will meet the railroad fare of but three. All contestants will be entertained if proper notice is given in advance.

6. No expenses will be paid to the pupil who does not qualify as a contestant in one or more contests, as outlined later.

7. Schools not on the accredited list may send delegates as they please and such delegates as qualify under the standard which all contestants must attain in their respective events to be admitted will be treated as delegates from accredited High Schools in every way except in the matter of payment of railroad fare.

8. But one contestant from a school will be permitted to enter the declamatory contest. This contest is open to both sexes. The contestants are not to be appointed, but are to win the honor of representation by a local home contest in such a manner as the school authorities may direct.

9. It is allowable for a contestant to enter both the declamatory contest and the athletic events.

Railroad Certificates.

Those attending must read carefully the following conditions relative to tickets. The committee having charge of the Athletic Meet cannot be responsible for loss occasioned by not securing proper certificates. A rate of one fare and one-third has been made by the Northern Pacific and Great Northern railroads. Purchasers of tickets on the Great Northern will pay full fare to Butte or Helena, going, and re-purchase over the Northern Pacific to Missoula. In most cases two receipts must be taken, (one) to cover purchase over each road. It is absolute necessary that receipt be taken in order to receive reduced rate returning.

Purchasers over the Northern Pacific must take receipt at place of purchase, paying full fare going.

Tickets are good three days prior to date of meeting going and one day after meeting returning, Sundays excepted.

Delegates will present their receipts on arrival to Mr. F. W. Schule who will refund the amount of purchase and give to each holder of a receipt the amount necessary to return home at one-third rate. Receipts will be signed by him and returned to original holders. These receipts for railroads are necessary and must be presented at ticket office to secure reduced fare returning.

Parties attending, who are not delegates, may receive the same rates. Receipts must be taken as indicated above. These receipts will be signed by the treasurer, named above, after which they will be honored at ticket office for reduced fare returning.

In the Declamatory contest the following rules will govern ;

The judges will be selected from a list of disinterested persons by the Faculty of the University. Places on the program will be determined by lot. The points of merits will be on a scale of 100 per cent, as follows :

If no selection is so marked, the one receiving the largest sums of the percentages, shall be declared the winner. The second and third places shall be decided in the same way. As noted below, two different sets of medals will be awarded ; one set to the girls, the other to the boys. A time-keeper shall be appointed by the committee, who shall note the length of time taken for the selections rendered. **Selections must not take longer than ten minutes for delivery**; and those contestants exceeding the time limit will not be considered in the selection of winner.

The contestants for this inter-scholastic and declamatory contest shall be chosen at a local contest. The names of the contestants must be in the hands of the committee at the University on or before May 7, 1906. Each school shall be represented in the declamatory contest by only one representative. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical, or dramatic, and must not take longer than ten minutes for delivery as noted above. Requirements for eligibles in this contest are the same as for athletic contests. In order to avoid what may otherwise prove unavoidably unfair, two different sets of medals, gold, silver and copper, will be awarded—one set to the boys, the other set to the girls ranking highest in their respective lists. Of course, it is understood that in no cases shall a High School have more than one representative in this contest.

Suggestion.

It is suggested that by holding a preliminary contest in declamation and a field meet to select the contestants, charging an admission fee to each, other contestants may be sent in addition to the three for which the University committee will pay. It is desired that each school shall send more than three delegates if possible.

Entry Requirements.

All schools intending to qualify must signify their intention of doing so by April 13th. The number of contestants and teachers with them must be determined and indicated to the University by May 3rd, and the names of the contestants and the events they are to enter by May 10th. The principal or some responsible person from each school must certify to the records made by contestants in preliminary contests at home. No entries will be made without this certificate, and provisions for accommodations for those who send names in late cannot be made; for the reason that arrangements have to be made in advance by the University for cots, rooms, etc.

The contest is of the utmost importance to the schools of the state and will engender a friendly feeling among schools that are several hundred miles apart. There are now twenty-five schools on the accredited list. Three or more contestants together with other delegates from each school will make a gathering of high school representatives such as Montana has never

START OF ONE-HALF MILE RUN

seen. It will give pupils something to work for in athletics and declamation, and will present to them an opportunity to see some of the state and to compare their efforts with the efforts from other schools. It provides an excellent stimulus for effort.

The University expects to maintain the meet annually. It is therefore highly important that every school in the state shall immediately get to work training pupils for some of the athletic events or for the declamatory contest. The standards for admission to the athletic contests are purposely made low enough to make it possible for all schools to be well represented. It is hoped that the authorities of the different schools will begin at once to put pupils in training for this Third Annual Inter-Scholastic Athletic and Declamatory Contest; and, by so doing, to make this annual affair compare favorably with similar contests in most of the leading states.

Souvenir Program.

The committee in charge are desirous of getting out an artistic souvenir of the meet. In order to do this they must have the co-operation of the superintendents and principals of the high schools. The list of entries for each school must be in the hands of the committee by the tenth of May. The pictures of competing teams are requested to be sent to the Inter-Scholastic Committee. In addition, it is especially desired that the pictures of those persons who won a first place in any event last year be sent together with his records.

The Committee.

The Committee, as appointed by the University faculty, to have charge of the meet, outlined in the previous pages, consists of Frederick W. Schule, Director of the Gymnasium for Men, Chairman; Ruth Elise Kellogg, Director of the Gymnasium for Women; Prof. Jesse P. Rowe, Prof. Robert Sibley, and Prof. Morton J. Elrod. This committee, representing the Faculty, will cheerfully answer any inquiries, and invite correspondence. They will do all in their power to make the meeting of delegates pleasant and to insure the carrying out of the idea as announced in this circular.

(Signed)

FREDERICK W. SCHULE,
RUTH ELISE KELLOGG,
JESSE P. ROWE,

Plan Adopted by the University.

The University of Montana proposes to carry out the following plan in connection with the Inter-Scholastic Meet:

1. The University will pay the railroad fare of three pupils from each of the accredited high schools of the state to Missoula, and return (meals and sleeper not included).

2. The University urgently requests that the various school boards send one or more teachers with their respective delegations, as it is imperative that the contestants lodged in the gymnasium be under the immediate supervision of a person responsible for their proper deportment. The University, however, cannot undertake to pay the expenses of these teachers, nor are they included among the pupils as indicated in (1). In consideration of the great effort the University is making to secure as many pupils at this meeting as possible it is believed that school authorities will join in the plan to the extent of sending a teacher as a chaperone.

3. Entertainment will be provided on the University grounds for all visiting pupils and teachers coming under the two preceding headings. This is especially desirable since the hotels in the city are a mile away. Those wishing to stay at the hotels must do so at their own expense. The lodgings for young men will be furnished with canvas cots and pillows. Each cot will be provided with one blanket. The rest of the bedding and towels must be furnished by the visitors.

4. Teachers and contestants will be admitted to the athletic contests free. An admission fee will be charged at the declamatory contest, but declamatory contestants will be admitted free.

5. Schools may send as many contestants as they desire, but the University will meet the railroad fare of but three. All con-

testants will be entertained if proper notice is given in advance.

6. No expenses will be paid to the pupil who does not qualify as a contestant in one or more contests, as outlined later.

7. Schools not on the accredited list may send delegates as they please and such delegates as qualify under the standard which all contestants must attain in their respective events to be admitted will be treated as delegates from accredited high schools in every way except in the matter of payment of railroad fare.

8. But one contestant from a school will be permitted to enter the declamatory contest. This contest is open to both sexes. The contestants are not to be appointed, but are to win the honor of representation by a local home contest in such a manner as the school authorities may direct.

9. It is allowable for a contestant to enter both the declamatory contest and the athletic events.

Railroad Certificates.

Those attending must read carefully the following conditions relative to tickets. The committee having charge of the Inter-Scholastic Meet cannot be responsible for loss occasioned by not securing proper certificates. A rate of one fare and one-third has been made by the Northern Pacific and Great Northern railroads. Purchasers of tickets on the Great Northern will pay full fare to Butte or Helena, going, and re-purchase over the Northern Pacific to Missoula. In most cases two receipts must be taken, (one) to cover purchase over each road. It is absolutely necessary that receipt be taken in order to receive reduced rate returning.

Purchasers over the Northern Pacific must take receipt at place of purchase, paying full fare going.

Tickets are good three days prior to date of meeting going and one day after meeting returning, Sundays excepted.

Delegates will present their receipts on arrival to Prof. M. J. Elrod who will refund the amount of purchase and give to each holder of a receipt the amount necessary to return home at one-third rate. Receipts will be signed by him and returned to original holders. These receipts for railroads are necessary and must be presented at the ticket office to secure reduced fare returning.

Parties attending, who are not delegates, may receive the same rates. Receipts must be taken as indicated above. These receipts will be signed by the treasurer, named above, after which they will be honored at ticket office for reduced fare returning.

Declamatory Contest.

In the Declamatory contest the following rules will govern:

The judges will be selected from a list of disinterested persons by the Faculty of the University. Places on the program will be determined by lot. The points of merits will be on a scale of 100 per cent, as follows:

Pronunciation	10
Enunciation	10
Selection	10
General Delivery	70

The judges shall, after each contestant finishes, return their markings in a sealed envelope to the committee in charge of the contest, and the decision shall be rendered as follows:

If any selection received the highest rank by a majority of the judges, it shall be given first place. If no selection is so marked, the one receiving the largest sums of the percentages, shall be declared the winner. The second and third places shall be decided in the same way. As noted below, two different sets of medals will be awarded; one set to the girls, the other to the boys. A time-keeper shall be appointed by the committee, who shall note the length of time taken for the selections rendered. **Selections must not take longer than ten minutes for delivery;** and those contestants exceeding the time limit will not be considered in the selection of winner.

The contestants for this inter-scholastic and declamatory contest shall be chosen at a local contest. The names of the contestants must be in the hands of the committee at the University on or before May 8, 1907. Each school shall be represented in the declamatory contest by only one representative. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical, or dramatic, and must not take longer than ten minutes for delivery as noted above. Requirements for eligibles in this contest are the same as for athletic contests. In order to avoid what may otherwise prove unavoid-

ably unfair, two different sets of medals, gold, silver and copper, will be awarded—one set to the boys, the other set to the girls ranking highest in their respective lists. Of course, it is understood that in no cases shall a high school have more than one representative in this contest. In the event of a tie for either first, second or third places, it is to be understood that each person trying for a particular place will be furnished with the corresponding medal.

Winners of Past Declamatory Contests.

By way of information the winners of the two preceding contests are given below:

In 1904—Butte, first; Livingston, second; and Great Falls third.

In 1905—Hamilton, first; Butte, second; and Livingston, third.

In 1906, of young men's contest—Missoula, first; Butte, second; and Broadwater and Fergus, tie for third.

Winners of young ladies' contest—Gallatin, first; Helena, second; and Park, third.

Athletic Events.

The athletic events which will be given at the meet, together with the standard which the competitors in each event must attain before they can be entered in that event, are given below. In each event first place will count five points, second place three points, and third place one point. The rules as laid down in the Official A. A. U. Handbook shall govern the points in regard to any event. Suitable prizes, as has been the custom in the preceding meets, will be awarded point winners in the different events. In case the referee declares a tie for any place in an event, the points should be split, but the corresponding medal will be given each contestant so trying. However, if a tie occurs in any event which causes a tie between two or more schools for the first place of the whole meet, the particular event causing the tie shall be run over so that the first place of the whole meet shall be awarded to only one school.

In compliance with the general sentiment of the members of the Montana Inter-Scholastic Athletic Association, which met at Butte during the past Christmas holidays, the University Inter-Scholastic Committee has abolished the two mile run. The

committee, however, has decided to include permanently the discus throw in the list of athletic events.

Especial emphasis is to be placed this year on Section 6 of "Plan Adopted by the University." In order to secure true sportsmanship and the fulfillment of the plans of the meet, it is urgently desired that all contestants enter the events they have trained for. If any contestant fails to have his name checked off as a competitor in any of the events, the committee in charge of the meet feel justified in refusing to pay the expenses of such a person.

Below is the list of athletic events together with the standard that each candidate must attain before he can be considered eligible to compete in the Inter-Scholastic Meet at Missoula. With a few exceptions, the standard required for each event is the same as for preceding years.

Suggestion.

It is suggested that by holding a preliminary contest in declamation and a field meet to select the contestants, charging an admission fee to each, other contestants may be sent in addition to the three for which the University committee will pay. It is desired that each school shall send more than three delegates if possible.

Entry Requirements.

All schools intending to qualify must signify their intention of doing so by April 20th. The number of contestants and teachers with them must be determined and indicated to the University by May 1st and the names of the contestants and the events they are to enter by May 8th. The principal or some responsible person from each school must certify to the records made by con-

testants in preliminary contests at home. No entries will be made without this certificate, and provisions for accommodations for those who send names in late cannot be made; for the reason that arrangements have to be made in advance by the University for cots, rooms, etc.

The contest is of the utmost importance to the schools of the state and will engender a friendly feeling among schools that are several hundred miles apart. There are now twenty-seven schools on the accredited list. Three or more contestants together with other delegates from each school will make a gathering of high school representatives such as Montana has never seen. It will give pupils something to work for in athletics and declamation, and will present to them an opportunity to see some of the state and to compare their efforts with the efforts from other schools. It provides an excellent stimulus for effort.

The University expects to maintain the meet annually. It is therefore highly important that every school in the state shall immediately get to work training pupils for some of the athletic events or for the declamatory contest. The standards for admission to the athletic contests are purposely made low enough to make it possible for all schools to be well represented. It is hoped that the authorities of the different schools will begin at once to put pupils in training for this Fourth Annual Inter-Scholastic Athletic and Declamatory Contest; and, by so doing, to make this annual affair compare favorably with similar contests in most of the leading states.

Souvenir Program.

The committee in charge are desirous of getting out an artistic souvenir of the meet. In order to do this they must have the co-operation of the superintendents and principals of the high schools. The list of entries for each school must be in the hands of the committee by the eighth of May. The pictures of competing teams are requested to be sent to Prof. R. Sibley. In addition, it is especially desired that the pictures of those persons who won a first place in any event last year be sent together with his records.

Information.

Those desiring information in regard to the entertainment of contestants and chaperones should write Prof. W. M. Aber;

those desiring information on the declamatory contest should correspond with Miss Ruth E. Kellogg; and for information on any point on the athletic meet inquiries should be directed to F. W. Schule.

The Committee.

The Committee, as appointed by the University faculty, to have charge of the meet, outlined in the previous pages, consists of Frederick W. Schule, Director of the Gymnasium for Men, Chairman; Ruth Elise Kellogg, Director of the Gymnasium for Women; Prof. Jesse P. Rowe, Prof. Robert Sibley, Prof. Morton J. Elrod, Prof. W. M. Aber and Pres. O. J. Craig. This committee, representing the Faculty, will cheerfully answer any inquiries, and invite correspondence. They will do all in their power to make the meeting of delegates pleasant and to insure the carrying out of the plans as announced in this circular.

THE ATHLETIC FIELD

SIXTH ANNUAL

Montana State Inter-Scholastic Meet

On May 12, 13, 14 and 15, 1909, the University of Montana will open its grounds and halls to welcome the High Schools of the State to participate in the Sixth Annual State Inter-Scholastic Meet.

We trust that every High School in the state will begin in good season to make active preparations to attend the coming meet and contribute to its success. Let the pleasure and profit of the occasion be the chief consideration, not the chance of winning or losing.

The following is the general program of the meet: Wednesday evening, declamatory contest; Thursday morning, regular meeting of the Montana Inter-Scholastic Association in Convocation Hall, to be followed by a meeting of all contestants for the preliminaries of receiving numbers, drawing for places, etc.; Thursday afternoon, track contest; Thursday evening, declamation contest continued; Friday afternoon, track contest continued; Friday evening, awarding prizes at the Opera House.

Please examine carefully the contents of this circular so that no one of the requirements be overlooked, especially the date on which anything is to be done. Requirements and the time for performing them have been carefully considered and exact compliance is essential for the complete success of the meet. Note particularly the arrangements for entertainment.

PRIZES

The University provides gold, silver and bronze medals, suitably inscribed, for winners in athletics and declamation. A gold medal is awarded to the winners of the first place; a silver medal to those of the second place, and a bronze medal to those taking third place.

Medals are given for each athletic event, except the relay race, for which a separate prize, a silver cup, is awarded. In declamation six medals are given, three to the young men and

three to the young women. In case of a tie in any event two medals are given, no matter how the points are decided.

In addition to the medals the University gives to the person winning the greatest number of points in the meet, a prize known as the individual prize. For 1909 this prize will be a beautiful jeweled watch fob, suitably engraved.

Four cups are to be awarded, as follows: The Missoula Mercantile Company offers a handsome silver trophy cup to be known as the Missoula cup, to be competed for during five years, and to be awarded at the end of five years, or in 1913, to that school which shall have received during the five years the greatest number of points.

The Hardware Department of the Missoula Mercantile Company gives a beautiful silver cup to the school winning the meet in 1909.

The Victor cup, given by the Whitney Sporting Goods Company, Denver, Colorado, is awarded to that school whose relay teams during five years, from 1909 to 1913, win the greatest number of points. From year to year this cup and the Missoula cup will be held by the school winning the cup, and at the end of five years will be permanently awarded.

The University will give a silver cup to the school winning the relay race this year, in 1909.

Points in the relay race will be counted as in other events, five, three and one, but will not be counted in summing up the points to determine which school is winner of the meet.

All of the medals, cups and prizes are awarded on Friday evening following the athletic meet, in New Harnois Theater, to which all contestants are given free admission.

No institution in the country gives so generously in medals and prizes. There will be awarded sixteen gold, sixteen silver and sixteen bronze medals, a total of forty-eight; three cups, and a watch fob, a total of fifty-two prizes. With such a large number of prizes small schools have a good chance of winning prizes, and they have been distributed quite generally, as the tabulated statement given later will show.

PLAN ADOPTED BY THE UNIVERSITY

The University of Montana proposes to carry out the following plan in connection with the Inter-Scholastic Meet:

1. The University will pay the railroad fare of five pupils from each of the accredited high schools of the state to Missoula and return (meals and sleeper not included).

2. The University urgently requests schools to send one or more teachers with their students. No school should send contestants without a competent chaperone, who shall lodge with them and be responsible for their proper deportment. No school will be given quarters in the Gymnasium without such a chaperone. The University does not pay the railroad fares of chaperones, but furnishes entertainment for them as for contestants.

3. ENTERTAINMENT—Lodgings, meals and transfer of baggage will be furnished free to all contestants and chaperones who lodge and take meals on the University Campus. Expense for those preferring to lodge or get meals in the city will be met to this extent: For lodging not more than fifty cents per day and for not more than three days; for meals not more than thirty-five cents per meal. Expense above these amounts must be borne by the parties themselves.

Every effort will be made to furnish comfortable lodging and good meals on the campus, but some prefer to lodge in the city; those doing so may take part, if not all their meals on the campus, and may have a space in the Gymnasium for resting and dressing.

Obviously the University cannot afford to make provision for the same persons both on the campus and in the city. Arrangements must be made some time before the meet; therefore unless notice of intention to lodge in the city is given at least two weeks before the first day of the meet, it will be assumed that there is no such intention and provision will be made for entertainment on the campus.

Those lodging in the Gymnasium will be supplied with a canvas cot, a pillow, and a blanket for mattress. Other bedding and towels must be brought and it is advised that plenty of blankets be brought.

When requested the University Committee will try to secure lodgings in the city for contestants and chaperones, but cannot guarantee them and be responsible for obtaining them.

Meals may be obtained in the city by the regular coupons of meal tickets. A list of those entitled to a refund of fifty cents per day for lodgings in the city, will be left at each place where lodgings are obtained, and the amount the University Committee undertakes to pay will be deducted from bills.

The University will not furnish this free entertainment for more than fifteen persons from a school; any number in excess of fifteen must meet their own expenses.

4. Chaperones and contestants will be admitted free to the Athletic contests and to the final entertainment at the Opera House. An admission fee will be charged at the declamatory contest and declamatory contestants only will be admitted free.

5. No expenses will be paid for the pupil who does not enter as a contestant in one or more contests, as outlined later.

6. Schools not on the accredited list may send delegates as they please, and such delegates as qualify under the standard, which all contestants must attain in their respective events to be admitted, will be treated as delegates from accredited high schools in every way except in the matter of payment of railroad fare.

7. But one contestant from a school will be permitted to enter the declamatory contest. This contest is open to both sexes. The contestants are not to be appointed, but are to win

the honor of representation by a local home contest in such a manner as the school authorities may direct.

8. It is allowable for a contestant to enter both the declamatory contest and the athletic events.

RAILROAD CERTIFICATES

Those attending must read carefully the following conditions relative to tickets. The committee having charge of the Inter-Scholastic meet cannot be responsible for loss occasioned by not securing proper certificates. A rate of one fare and one-third has been given by the railroads of the state and is expected this year. Purchasers of tickets on the Great Northern will pay full fare to Butte or Helena, going, and re-purchase over the Northern Pacific to Missoula. In most cases two receipts must be taken, (one) to cover purchase over each road. It is absolutely necessary that receipt be taken in order to receive reduced rate returning.

Purchasers over the Northern Pacific must take receipt at place of purchase, paying full fare going.

Tickets are good three days prior to date of meeting going and one day after meeting returning, Sundays excepted.

Delegates will present their receipts on arrival to Prof. M. J. Elrod who will refund the amount of purchase and give to each holder of a receipt the amount necessary to return home at one-third rate. Receipts will be signed by him and returned to original holders. These receipts for railroads are necessary and must be presented at the ticket office to secure reduced fare returning.

Parties attending, who are not delegates, may receive the same rates. Receipts must be taken as indicated above. These receipts will be signed by the treasurer, named above, after which they will be honored at ticket office for reduced fare returning.

THE SCORE BOARD, 1908

DECLAMATORY CONTEST

In the Declamatory contest the following rules will govern:

The judges will be selected from a list of disinterested persons by the Faculty of the University. Places on the program will be determined by lot. The points of merits will be on a scale of 100 per cent, as follows:

Pronunciation and Enunciation.....	30
General Delivery	70
Total.....	100

If any selection receives the highest rank by a majority of the judges, it shall be given first place. If no selection is so marked, the one receiving the largest sums of percentages, shall be declared the winner. The second and third places shall be decided in the same way. A time-keeper shall be appointed by the committee, who shall note the length of time taken for the selections rendered. Selections must not take longer than ten minutes for delivery; and those contestants exceeding the time limit will not be considered in the selection of winner.

The contestants for this inter-scholastic and declamatory contest shall be chosen at a local contest. The names of the contestants must be in the hands of the committee at the University on or before May 5, 1909. Each school shall be represented in the declamatory contest by only one representative. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical, or dramatic, and must not take longer than ten minutes for delivery as noted above. Requirements for eligibles in this contest are the same as for those in athletic contests. In order to avoid what may otherwise prove unavoidably unfair, two different sets of medals, gold, silver, and bronze will be awarded—one set to the boys, the other set to the girls ranking highest in their respective lists. Of course, it is understood that in no case shall a high school have more than one representative in this contest. In the event of a tie for either first, second or third places, it is to be understood that each person trying for a particular place will be furnished with a corresponding medal.

WINNERS OF PAST DECLAMATORY CONTESTS

By way of information the winners of the five preceding contests are given below.

In 1904—Butte, first; Livingston, second; and Great Falls, third.

In 1905—Hamilton, first; Butte, second; and Livingston, third.

In 1906, of young men's contest—Missoula, first; Butte, second; and Broadwater and Fergus, tie for third.

Winners of young ladies' contest—Gallatin, first; Helena, second; and Park, third.

In 1907, of young men's contest—Teton, first; Flathead, second; Beaverhead, third.

Winners of young ladies' contest—Butte, first; Park, second; Gallatin, third.

In 1908, of young men's contest—Teton, first; Park, second; Custer, third.

Winners of young ladies' contest—Hamilton, first; Missoula and Butte, tie for second; Fergus, third.

ATHLETIC EVENTS

The athletic events which will be given at the meet, together with the standard which the competitors in each event must attain before they can be entered in that event, are given below. In each event first place will count five points, second place three points, and third place one point. The rules as laid down in the Official A. A. U. Handbook shall govern the points in regard to any event. Suitable prizes, as has been the custom in the preceding meets, will be awarded point winners in the different events. In case the referee declares a tie for any place in an event, the points will be split, but the corresponding medal will be given each contestant so tying. However, if a tie occurs in any event which causes a tie between two or more schools for the first place of the whole meet, the particular event causing the tie shall be run over so that the first place of the whole meet shall be awarded to only one school.

Especial emphasis is to be placed this year on Section 5 of "Plan Adopted by the University." In order to secure true sportsmanship and the fulfillment of the plans of the meet, it is urgently desired that all contestants enter the events they have trained for. If any contestant fails to have his name checked off

as a competitor in any of the events, the committee in charge of the meet feel justified in refusing to pay the expenses of such a person.

Not more than three contestants from the same school will be allowed to enter the same event.

Below is the list of athletic events together with the standard that each candidate must attain before he can be considered eligible to compete in the Inter-Scholastic Meet at Missoula.

DEBATE

The rules governing the debate are given fully in the bulletin (Univ. Mont. No. 59) outlining the work of the debating league for the year 1910. The rules as laid down in the constitution of the Montana High School Debating League governing the final contest are as follows:

Final Contest. Immediately after the two inter-district championships shall have been won, the committee representing the University shall submit to each of the principals of the two schools, a list of thirty names. Each principal shall be allowed to cross out as many as ten names, and shall, within three days, return the list to the committee. The committee shall then select from the names remaining on the list, three to serve as judges in the contest for the cup. The remaining names shall be alternates.

Section 3. Instructions—

(a) During the debate the judges shall sit apart from one another.

(b) They shall base their decision on the merits of the debate, not on the merits of the question; and shall mark the merits of the debate on the following basis: Argument, 70 per cent; team-work, 20 per cent; delivery, 10 per cent.

(c) Each judge, at the conclusion of the contest, without consultation with any other judge, shall write on a card the word “affirmative” or “negative,” seal it in an envelope, and deliver it to the presiding officer, who shall open the envelope in sight of the two leaders and then announce to the audience the decision.

DECLAMATORY CONTEST

In the Declamatory contest the following rules will govern:

The judges will be selected from a list of disinterested persons by the Faculty of the University. Places on the program will be determined by lot. The points of merits will be on a scale of 100 per cent, as follows:

Pronunciation and Enunciation.....	30
General Delivery	70
<hr/>	
Total.....	100

The judges shall mark the first speaker of each evening 100, succeeding speakers higher or lower, as their judgment may warrant. If any selection is given first place by a majority of the judges it shall be declared the winner. If no selection is so marked the selection receiving the lowest sum of ranks shall be declared the winner. In case both of the preceding methods fail, the selection having the highest sum of percentages shall be given first place. The second and third places shall be decided in the same way. A time-keeper shall be appointed by the committee, who shall note the length of time taken for the selections rendered. *Selections must not take longer than ten minutes for delivery; and those contestants exceeding the time limit will not be considered in the selection of winner.*

The contestants for this inter-scholastic and declamatory contest shall be chosen at a local contest. The names of the contestants must be in the hands of the committee at the University on or before May 4, 1910. Each school shall be represented in the declamatory contest by only one representative. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical, or dramatic, and must not take longer than ten minutes for delivery as noted above. Requirements for eligibles in this contest are the same

as for those in athletic contests. In order to avoid what may otherwise prove unavoidably unfair, two different sets of medals, gold, silver and bronze will be awarded—one set to the boys, the other set to the girls ranking highest in their respective lists. Of course, it is understood that in no case shall a high school have more than one representative in this contest. In the event of a tie for either first, second or third places, it is to be understood that each person trying for a particular place will be furnished with corresponding medal.

D MISSOULA, FROM MT. SENTINEL, TAKEN IN FALL OF 1909

PLAN ADOPTED BY THE UNIVERSITY

The University of Montana proposes to carry out the following plan in connection with the Inter-Scholastic Meet:

1. The University will pay the railroad fare of five pupils from each of the accredited high schools of the state to Missoula and return (meals and sleeper not included). The University will also pay the expenses of the two teams competing in the final debate in the same manner and amount as for athletic and declamatory contestants.

2. The University urgently requests schools to send one or more teachers with their students. No school should send contestants without a competent chaperone, who shall lodge with them and be responsible for their proper deportment. No school will be given quarters in the Gymnasium without such a chaperone. The University does not pay the railroad fares of chaperones, but furnishes entertainment for them as for contestants.

3. ENTERTAINMENT—Lodgings, meals and transfer of baggage will be furnished free to all contestants and chaperones who lodge and take meals on the University Campus. Expense for those preferring to lodge or get meals in the city will be met to this extent: For lodging not more than fifty cents per day and for not more than three days; for meals not more than thirty-five cents per meal. Expense above these amounts must be borne by the parties themselves.

Every effort will be made to furnish comfortable lodging and good meals on the campus, but some prefer to lodge in the city; those doing so may take part, if not all their meals on the campus, and may have a space in the Gymnasium for resting and dressing.

Obviously the University cannot afford to make provision for the same persons both on the campus and in the city. Arrangements must be made some time before the meet; therefore unless notice of intention to lodge in the city is given at least two weeks before the first day of the meet, it will be assumed that there is no such intention and provision will be made for entertainment on the campus.

Those lodging in the Gymnasium will be supplied with a canvas cot, a pillow, blanket and mattress. Other bedding and towels must be brought and it is advised that plenty of blankets be brought.

When requested the University Committee will try to secure lodgings in the city for contestants and chaperones, but cannot guarantee them and be responsible for obtaining them.

Meals may be obtained in the city by the regular coupons of meal tickets. A list of those entitled to refund of fifty cents per day for lodgings in the city, will be left at each place where lodgings are

obtained, and the amount the University Committee undertakes to pay will be deducted from bills.

In order that proper arrangements for extra meals may be made at Woman's Hall some definite knowledge of the number to eat regularly at the Hall must be obtained. All persons quartered in the Gymnasium or Hall, will be given meal tickets good only at the dining room of Women's Hall, and will govern themselves accordingly.

The University will not furnish this free entertainment for more than fifteen persons from a school; any number in excess of fifteen must meet their own expenses.

4. Chaperones and contestants will be admitted free to the Athletic contests and to the final entertainment at the Opera House. An admission fee will be charged at the declamatory contest and declamatory contestants only will be admitted free.

5. No expenses will be paid for the pupil who does not enter as a contestant in one or more contests, as outlined later.

6. Schools not on the accredited list may send delegates as they please, and such delegates as qualify under the standard, which all contestants must attain in their respective events to be admitted, will be treated as delegates from accredited high schools in every way except in the matter of payment of railroad fare.

7. But one contestant from a school will be permitted to enter the declamatory contest. This contest is open to both sexes. The contestants are not to be appointed, but are to win the honor of representation by a local home contest in such a manner as the school authorities may direct.

8. It is allowable for a contestant to enter both the declamatory contest and the athletic events.

9. Not more than three contestants from the same school will be allowed to enter the same event.

10. No one will be allowed on the athletic field during the contests except contestants and officials. Trainers, coaches and others will be excluded.

ATHLETIC EVENTS

The athletic events which will be given at the meet, together with the standard which the competitors in each event must attain before they can be entered in that event, are given below. In each event first place will count five points, second place three points, and third place one point. The rules as laid down in the Official A. A. U. Handbook shall govern the points in regard to any event. Suitable prizes, as has been the custom in the preceding meets, will be awarded point winners in the different events. In case the referee declares a tie for any place in an event, the points will be split, but the corresponding medal will be given each contestant so tying. However, if a tie occurs in any event which causes a tie between two or more schools for the first place of the whole meet, the particular event causing the tie shall be run over so that the first place of the whole meet shall be awarded to only one school.

Especial emphasis is to be placed this year on Section 5 of "Plan Adopted by the University." In order to secure true sportsmanship and the fulfillment of the plans of the meet, it is urgently desired that all contestants enter the events they have trained for. If any contestants fails to have his name checked off as a competitor in any of the events, the committee in charge of the meet feel justified in refusing to pay the expenses of such a person.

Not more than three contestants from the same school will be allowed to enter the same event.

Coaches, trainers and all other persons save contestants and officials will be excluded from the field during the contests.

Below is the list of athletic events together with the standard that each candidate must attain before he can be considered eligible to compete in the Inter-Scholastic Meet at Missoula. When the names of the contestants are sent in by the principals, it is understood that the following requirements are fulfilled.

ENTRY REQUIREMENTS

All schools intending to qualify for places in the athletic or declamatory contests should signify their intention of doing so at as early a date as possible, in any case not later than April 18. In order to make proper arrangements for lodging and meals, for preparing the program and getting material for the souvenir program, it is very desirable that the full number and lists of names of contestants, teachers or chaperones be sent to the University as soon as names and members can be determined. Accompanying the names of contestants must be the events to be entered. To complete the work which must be done by the University Committee, lists as above must be mailed not later than May 2. Official entry blanks will be sent to all schools competing, and it is requested that these entry blanks be used by all contestants. Unless entries are received by May 4, the names cannot appear in the official program.

SUGGESTION

It is suggested that by holding a preliminary contest in declamation and a field meet to select the contestants, charging an admission fee to each, other contestants may be sent in addition to the five for which the University Committee will pay.

SOUVENIR PROGRAM

The committee in charge is desirous of getting out an artistic souvenir of the meet. In order to do this they must have the co-operation of the superintendents and principals of the high schools. It is especially desired that pictures of competing teams as well as the pictures of those persons who won a first place in any event last year, together with his record, be sent to the University.

This souvenir program is one of the attractive features of the Meet. It is beautifully illustrated, printed on heavy paper, tastefully bound, and is eagerly sought by friends and visitors. It is desired that the program this year may be even superior to that of past years. The high school principals have been very cordial in their assistance in the past, and have been the means of making the program a success. For the coming season's program we request friends to make special effort in sending pictures, information and suggestions, including teams contesting in athletics, declamation and debate.

RAILROAD CERTIFICATES

Those attending must read carefully the following conditions relative to tickets. The committee having charge of the Inter-Scholastic meet cannot be responsible for loss occasioned by not securing proper certificates. A rate of one fare and one-third has been given by the railroads of the state and is expected this year. Purchasers of tickets over more than one road must secure certificate for each purchase of ticket. In most cases two receipts must be taken, (one) to cover purchase over each road. *It is absolutely necessary that receipt be taken in order to receive reduced rate returning.*

Purchasers of tickets must take receipt at place of purchase, paying full fare going.

Tickets are good three days prior to date of meeting going and one day after meeting returning, Sundays excepted.

Delegates will present their receipts on arrival to Prof. M. J. Elrod, who will refund the amount of purchase and give to each holder of a receipt the amount necessary to return home at one-third rate. Receipts will be signed by him and returned to original holders. These receipts for railroads are necessary and must be presented at the ticket office to secure reduced fare returning.

Parties attending, who are not delegates, may receive the same rates. Receipts must be taken as indicated above. These receipts will be signed by the treasurer, named above, after which they will be honored at ticket office for reduced fare returning.

INFORMATION

All inquiries and all communications should be addressed to "The University of Montana, Missoula, Montana." If for any reason special correspondence is desired, communications addressed to the persons having charge of specific work will receive their personal attention. Professor W. M. Aber will have charge of the entertainment of visitors; Miss Mary Stewart, Dean of Women, will take care of those who are to lodge at Woman's Hall; Miss Mabel Smith will have charge of the declamatory contest program; J. W. Rhodes will have charge of the athletic field; Dr. W. F. Book will prepare the souvenir program; Dr. G. F. Reynolds looks after the advertising; Dr. J. P. Rowe takes charge of the program Friday evening and assists with the sale of tickets. Dr. M. J. Elrod will look after the finances, handling of tickets for the meet, will receive and sign railroad certificates, and will make payment to schools for expenses of teams.

THE COMMITTEE

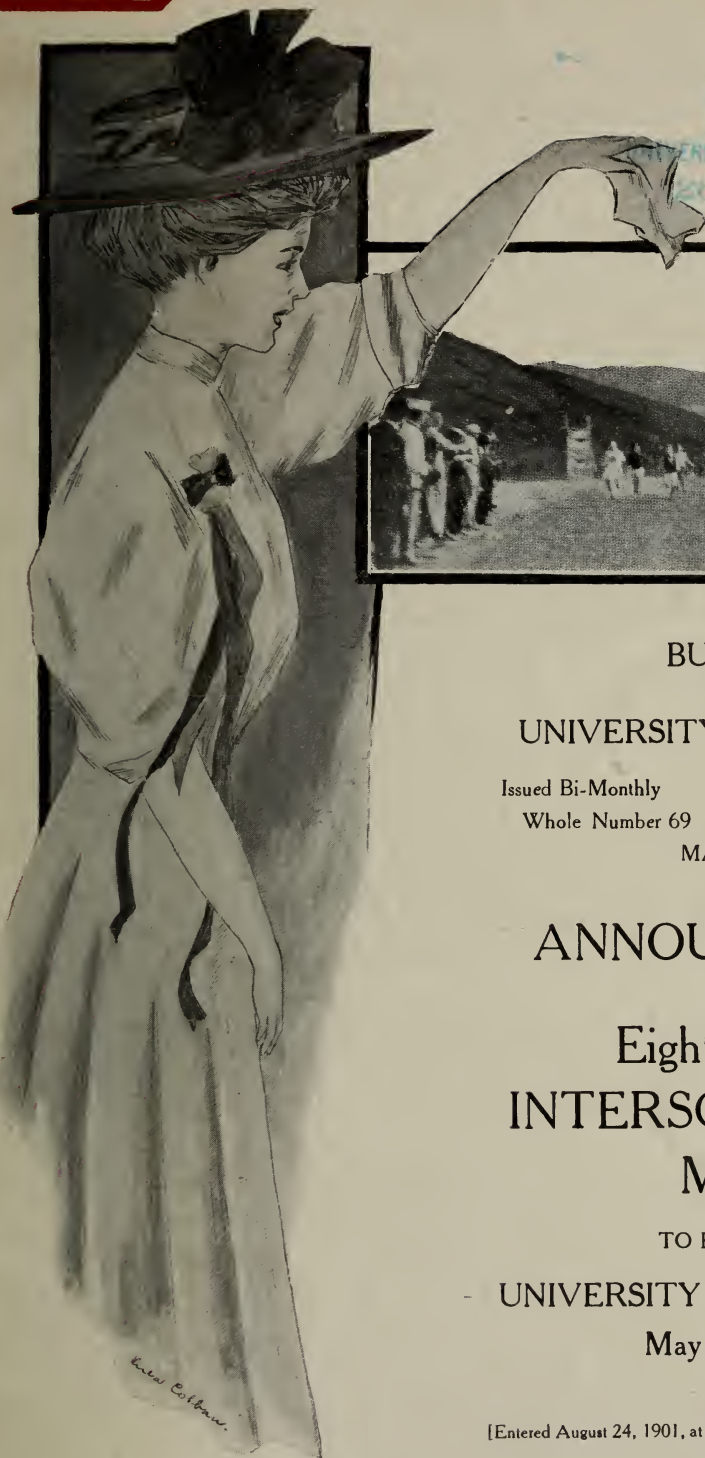

The Committee, as appointed by the University Faculty, will cheerfully answer any inquiries, and invite correspondence. They will do all in their power to make the meeting of delegates pleasant and to insure the carrying out of the plans as announced in this circular.

FINAL CONTEST IN DEBATE

On Tuesday evening, May 9, in Assembly Hall, University Campus, will be held the final contest of the Montana High School Debating League, to decide the State Championship for 1911. The following rules from the Constitution of the League will govern the contest:

SEC. 2. (b) Immediately after the two inter-district championships shall have been won, the committee representing the University shall submit to each of the principals of the two schools, a list of thirty

names. Each principal shall be allowed to cross out as many as ten names, and shall, within three days, return the list to the committee. The committee shall then select from the names remaining on the list, three to serve as judges in the contest for the cup. The remaining names shall be alternates.

SEC. 3. (a) During the debate the judges shall sit apart from one another.

(b) They shall base their decision on the merits of the debate, not on the merits of the question; and shall mark the merits of the debate on the following basis: Argument, 70 per cent; team-work, 20 per cent; delivery, 10 per cent.

(c) Each judge, at the conclusion of the contest, without consultation with any other judge, shall write on a card the word "affirmative" or "negative," seal it in an envelope, and deliver it to the presiding officer, who shall open the envelope in sight of the two leaders and then announce to the audience the decision.

DECLAMATORY CONTEST

On Wednesday and Thursday evenings two contests in public speaking will be held in University Hall. The following rules will govern these contests in declamation:

1. Contests in declamation are open to both sexes, but each school can have but one representative. The contestants are not to be appointed, but are to win the honor of representation by a home contest in such a manner as the school authorities may direct.

2. As each school can have but one representative in these contests two sets of medals (gold, silver and bronze), are awarded—one to the boys, another to the girls. In case of a tie for either first, second or third place, the persons tying for the prize will each be given an appropriate medal.

3. Places on the program will be determined by lot.

4. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical or dramatic, but it is urged that intensively dramatic or melodramatic selections be avoided.

5. No selection may take longer than ten minutes for delivery. Time keepers will be appointed by the committee in charge, who shall note the length of time consumed by each speaker, and the contestants exceeding this time limit will not be considered in the selection of winners.

6. The judges shall be selected from the University Faculty, and the merits of each speaker marked on a scale of 100 per cent, as follows:

Pronunciation and enunciation.....	30
General delivery	70

The judges shall mark the first speaker in each contest 100 per cent, and succeeding speakers higher or lower as their judgment may war-

rant. Each selection will then be ranked according to the percentages given. If any selection is given first place by a majority of the judges it shall be declared the winner. If no selection is so marked the selection receiving the lowest sum of ranks shall be declared the winner. In case both of the preceding methods fail the selection having the highest sum of percentages shall be given first place. Second and

THE GRANDSTAND

third places in these contests shall be decided in a similar way.

The names of contestants together with the name of the author and title of the selection to be given must be sent to the University not later than May 1, 1911.

RULES GOVERNING THESE GAMES

1. The rules of the American Athletic Union will govern all contests in athletics.

2. The standards which the competitors in each event must have attained before they are eligible to enter in that event, are set opposite the events in the table above. It is understood that, when the names of contestants are sent in by principals, these requirements have been met.

3. It is allowable for a contestant to enter both the declamatory and athletic contests, the debating and athletic contests, the debating and declamatory contests, or all three if he so desire. But not more than three contestants from the same school will be allowed to enter the same athletic event.

4. It is expected that all contestants participate in the events for which they have trained and have entered. No expenses will be paid a contestant who does not take part in at least one event.

5. Coaches, trainers and attendants will not be allowed on the field during the games. Failure to comply with this rule will disqualify the competitors from the school by whom the offense was committed.

6. In determining scores for the awarding of prizes, first place in an event shall count five points, second place three points, third place one point. Should the referee declare a tie for any place in any event, the point shall be divided and a corresponding medal given each contestant so tying. If a tie should occur in any event which would cause a tie between two or more schools for first place in the meet, the particular event causing the tie shall be run over so that first place in the meet may be awarded to only one school.

7. The following rules of eligibility for athletic contests governing the Montana Athletic Association, have been adopted by the Faculty of the University. They will be interpreted and enforced by the High School principals and delegates taking part in the meet.

SECTION 1. No student shall be eligible to play in any Association contest unless regularly enrolled, in regular attendance, and registered in at least fifteen recitations of prepared work, or its equivalent, weekly.

Adopted at Bozeman, Montana, December 29, 1909.

ENTRY REQUIREMENTS

All schools intending to qualify for places in the athletic or declamatory contests should notify the University or Chairman of the Committee, J. P. Rowe, at the earliest possible date, in any case not later than April 18.

In order to make proper arrangements for lodging and meals and to get out the souvenir program on time, it is very desirable that the names of all contestants in declamation and athletics be sent to the University as soon as possible. Official entry blanks will be sent to all schools competing. These should be properly filled in with the names of contestants and the events for which they desire to compete,

the names and official position of chaperones, and returned to the University not later than May 1. Unless these entries are received by the committee on or before May 4, 1911, the names of contestants can not appear in the official program of the meet.

For engagement of lodgings and for further information regarding entertainment apply to W. M. Aber, care of the University. Notice should also be given of the time of arrival of all contestants and chaperones (day and train), so that the reception committees may meet them.

PRIZES TO BE AWARDED IN 1911

The University provides, in addition to the special prizes awarded in the debating contest, gold, silver and bronze medals, suitably inscribed, for all winners in athletics and declamation. A gold medal is awarded to all first place winners, a silver medal to those winning second place, and a bronze medal to those taking third place in any event. There will, therefore, be awarded this year 16 gold, 16 silver and 16 bronze medals, four silver cups, and an individual prize in addition to the ten special prizes given for the final debate—a total of 63 prizes. No institution in the country gives so generously in medals and prizes. With such a large number of prizes, small schools as well as the larger ones, have ample opportunity of winning a number of the trophies of the meet. That the prizes have been distributed quite generally in the past, the tabulated statements of the results of former meets clearly show.

PRIZES IN ATHLETICS

CUPS. (1) The Missoula cup, a handsome silver trophy, given by the Missoula Mercantile Company, will be awarded permanently in 1913, to the school which shall have won the greatest number of points in athletics in five years. Any school winning the meet is the custodian of this cup until defeated by a stronger team.

(2) The Coen-Fisher Company will give a beautiful silver cup to the team winning this year's meet.

(3) The University will give a special silver cup to the team winning the relay race.

(4) The Victor Relay Cup, given by the Whitney Sporting Goods Company, will be permanently awarded in 1913 to the school whose relay teams shall have won the greatest number of points in the relay races for five years. The school that wins the relay race this year will be the custodian of the cup until taken by another school.

MEDALS. The University gives gold, silver and bronze medals, suitably engraved, for winners of first, second and third places in all the athletic events, a total of 42 prizes for the 14 events.

INDIVIDUAL PRIZE. The University will also give an individual prize to the contestant winning the greatest number of points in the meet.

PRIZES IN DECLAMATION

MEDALS. (1) A gold, silver and bronze medal will be given the winner of first, second and third place in the contest for boys.

(2) A similar gold, silver and bronze medal will be given the winner of first, second and third honors in the contest for girls.

PRIZES IN DEBATE

CUPS. The University will give a souvenir cup to the High School whose team wins at the final contest. The High School winning this cup shall hold it until the time set for the next regular final contest, at which time the cup shall be returned to the University, so that it may be given to the High School that next wins the State Championship. Any school winning the cup three times, or twice in succession, shall become the permanent owner thereof.

MEDALS. (1) To every member of a winning team in a University of Montana Interscholastic Debate held before April 1, the University offers a debate medal.

(2) To every member of a championship team in a high school holding, before April 1, a series of debates between at least four different teams within its membership, the University offers a special debate medal.

PENNANTS. To every school winning, before April 1, a "University of Montana Interscholastic Debate," i. e., a debate conducted under the rules as outlined below, the University offers a distinctive debate pennant bearing one gold star. For every additional debate won before April 1, a gold star will be added.

The purpose in this offer is to encourage the largest possible number of debates, and continued work even by defeated teams. It also affords recognition of work on the part of schools not wishing to compete for the cup.

Pennants are offered to *schools*, not to teams; a school may be represented by any number of teams, the victories of all being recorded on the one pennant.

To allow the largest possible liberty, debates for pennants may be held on any question.

Pennants will be awarded at the Interscholastic Meet to schools there represented, or will be sent out immediately thereafter.

The following prizes were awarded in 1910. Similar ones may be expected this year.

1. By Senator Joseph M. Dixon, a gold medal to the best debater at the final contest.

2. By Judge Hiram Knowles, a set of books to each of the three debaters of the winning team at the final contest.

3. By H. T. Wilkinson, a set of books to each of the three

YIC MEET, 1910

debaters of the winning team at the *special final contest* (the contest for honorable mention).

4. By William H. Houston, a free scholarship (including matriculation and athletic fees and course deposits) in the University of Montana to the student who wins the Dixon medal for the year 1909-1910. This scholarship is given when the student enrolls in the University.

5. By Senator Thomas H. Carter, a gold medal for the best essay written by any member of the graduating classes of the accredited state high schools.

6. By E. C. Mulroney, a scholarship (including matriculation and athletic fees and course deposits) in the University of Montana for the year 1910, to the student who won the Carter essay medal for the year 1909.

7. By John M. Keith, a scholarship in the University of Montana, amounting to fifty dollars, to one of the high school debaters, chosen by the president of the university, from the twelve members of the four district champion teams of the high school debating league. The income of the scholarship will be paid to the student for one year, in two installments: one at the beginning of the first semester; the other, at the beginning of the second semester of the first year of his or her enrollment in the university.

ENTERTAINMENT

In addition to providing the above named trophies and prizes, the University will provide free entertainment to all contestants and delegates to the meet.

1. The University will pay the railroad fare of five contestants, in athletics and declamation, from each of the accredited high schools of the State, to Missoula and return (meals and sleeper not included); also the railroad fare and expenses of the two debating teams.

It is suggested that by holding a preliminary contest in declamation and a field meet to select the contestants, charging an admission fee to each, other contestants may be sent in addition to the five for which the University committee will pay.

2. The transfer of baggage in Missoula and lodging and meals on the campus will be furnished free to all contestants in debate, declamation and athletics, and their chaperones. The University will not, however, furnish free entertainment to more than fifteen persons from a school.

3. Schools not on the accredited list may send contestants, and such delegates as qualify under the standard which all contestants

must attain in their respective events to be admitted, will be treated as contestants from accredited schools in every way except the payment of railroad fare.

4. No school should send contestants without a competent chaperone, to lodge with them and be responsible for their proper deportment. No school will be given quarters on the campus without such a chaperone. The University does not pay the railroad fare of these chaperones, but furnishes entertainment for them as for contestants.

5. All chaperones and contestants will be admitted free to the athletic games and to the final Jolly Up on the campus.

NEW PLAN FOR ENTERTAINMENT

This year all the events of the meet, including the awarding of medals, will be held on the University grounds, and the committee of the faculty having the meet in charge are glad to be able to announce that all guests may be entertained on the campus. A plan has been worked out for using various steam heated lecture rooms and halls as dormitories (not putting large numbers in the Gymnasium) to accommodate all the men who may come as guests of the University. In this way schools can be most comfortably accommodated in moderate sized groups on the University campus. Meals of good quality and planned in "training table" style will be provided on the campus of the University. The young ladies who come for declamatory and debating contests and their chaperones will be entertained at Woman's Hall. All these matters will be under the control of the Faculty and everything possible will be done to make visitors comfortable and give them a good time.

With ample provisions made for the entertainment of the University's guests upon the Campus, there will be no necessity for seeking rooms and board in Missoula. Should any principal still wish to do this for his students the committee will gladly assist in engaging accommodations. But in these cases the parties themselves must assume the entire expense of lodging and boarding off the Campus.

The committee believes that the plan of holding all events on the University grounds, providing suitable quarters for eating and sleeping on the Campus, leaving the Gymnasium largely free for general uses, having the field on which the meet is held close at hand, etc., will make conditions more favorable for promoting a better spirit of sociability and good fellowship among the high school students attending the meet. This plan should also relieve chaperones of many of the annoyances and difficulties bound to occur with students lodging at hotels and eating wherever they happen to be. It should also avoid most of the criticisms which have been raised regarding the possible demoralizing effects of three or four days "down town."

INFORMATION

All inquiries and communications should be addressed to "The University of Montana, Missoula, Montana." If further special in-

SINGING ON THE STEPS

formation is desired, communication should be addressed to the member of the committee having charge of the particular part of the meet concerning which information is desired. Professor W. M. Aber will have charge of providing entertainment for all contestants, chaperones and visitors; Miss Mabel

Smith will have charge of the declamatory contest; R. H. Carey will have charge of the athletic field; W. F. Book will prepare the souvenir program; G. F. Reynolds will have charge of advertising; J. P. Rowe will have charge of the sale of tickets; M. J. Elrod will look after the finances, handle the tickets for the meet, receive and sign railroad certificates and make payment to all schools for the expenses of teams.

SOUVENIR PROGRAM

The committee in charge of the meet is desirous of getting out an artistic souvenir of the meet. This they cannot do without the co-operation and help of superintendents, high school principals, and captains of present and former teams. The souvenir program has, for a number of years, been one of the attractive features of the meet. Gorgeously illustrated, tastefully printed and bound, it has been eagerly sought by all patrons of the meet. It is the plan to make the program this year superior, if possible, to those of former years. You can greatly assist if you will make a special effort to send promptly any pictures and information called for by Doctor Book, who has the program in charge.

RAILROAD CERTIFICATES

Those attending the meet should read carefully the following conditions relative to tickets. The committee having charge of the meet cannot be responsible for loss occasioned by not securing proper certificates. A rate of one fare and one-third has been given by the railroads of the State and is expected this year. Purchasers of tickets over more than

A FINISH

one road must secure a certificate for each purchase of ticket. In most cases two receipts must be taken (one) to cover purchase over each road. *It is absolutely necessary that a receipt be taken in order to receive reduced rate returning.*

Purchasers of tickets must take receipt at place of purchase, paying full fare going.

Tickets are good three days prior to date of meeting going, and one day after meeting returning, Sundays excepted.

Delegates will present their receipts on arrival to Professor M. J. Elrod, who will refund the amount of purchase and give to each holder of a receipt the amount necessary to return home at one-third rate. Receipts will be signed by him and returned to original holders. These receipts are necessary and must be presented at the ticket office to secure the reduced fare returning.

Parties attending the meet, who are not delegates, may receive the same rates, but receipts must be taken as indicated above. These receipts will be signed by the treasurer, named above, after which they will be honored at ticket office for reduced fare returning.

The committee having the meet in charge are desirous of making the meet this year the best ever held. They will do all in their power to make the University's guests have a good time and to insure the carrying out of the plans for the meet as outlined above. They invite correspondence and will cheerfully answer all inquiries.

But not more than three contestants from the same school will be allowed to enter the same athletic event.

2. It is expected that all contestants participate in the events for which they have trained and have entered. No expenses will be paid a contestant who does not take part in at least one event.

DEBATE AND ESSAY

Rules governing the debate and essay contests will be found in the Bulletin of the Montana High School Debating League, copies of which may be obtained by addressing The Registrar, University of Montana, Missoula.

The special announcement of the Carter Essay Medal for this year is as follows:

SUBJECT FOR 1912-13—PIONEER TALES

TO THE CONTESTANTS:

Almost every town in Montana has had at some time in its history interesting events, or numbers among its citizens, men and women the story of whose pioneer experiences will be of interest. Through compositions submitted this year we hope to secure a good number of these stories, especially those not previously put into print.

You had best pick out as your subject *one* incident; get all the facts on it you can, visit the locality in which it happened if that is possible, acquaint yourself thoroughly with the details, consult all possible sources of information.

Write the story as simply and directly as you can, making it as interesting as you are able to without changing the exact facts. If circumstances render it advisable you may change the proper names, but the compositions should be essentially historical.

The compositions may be 3,000 words in length but will probably be better if they are shorter than that.

Essays must be received by April 15.

DECLAMATION

1. Contests in declamation are open to both sexes, but each school can have but one representative. The contestants are not to be appointed, but are to win the honor of representation by a home contest in such a manner as the school authorities may direct.

2. As each school can have but one representative in these contests, two sets of medals (gold, silver and bronze) are awarded—one to the boys, another to the girls. In case of a tie for either first, second or third place, the persons tying for the prize will each be given an appropriate medal.

3. Places on the program will be determined by lot.

4. The selection to be given by any contestant may be prose or poetry, humorous, pathetic, oratorical or dramatic, but it is urged that

intensively dramatic or melodramatic selections be avoided.

5. No selection may take longer than ten minutes for delivery. Time keepers will be appointed by the committee in charge, who shall note the length of time consumed by each speaker, and the contestants exceeding this limit will not be considered in the selection of winners.

6. The judges shall be selected from the University Faculty, and the merits of each speaker marked on a scale of 100 per cent, as follows:

Pronunciation and enunciation	30
General delivery	70

The judges shall mark the first speaker in each contest 100 per cent, and succeeding speakers higher or lower as their judgment may warrant. Each selection will then be ranked according to the percentages given. If any selection is given first place by a majority of the judges, it shall be declared the winner. If no selection is so marked the selection receiving the lowest sum of ranks shall be declared the winner. In case both of the preceding methods fail, the selection having the highest sum of percentage shall be given first place. Second and third places in these contests shall be decided in a similar way.

ATHLETICS

1. The rules of the American Athletic Union will govern all contests in athletics.

2. The standards which the competitors in each event must have attained before they are eligible to enter in that event are set opposite the events in the table below. It is understood that, when the names of contestants are sent in by principals, these requirements have been met.

50-yard dash	6 2-5 sec.
100-yard dash	12 sec.
220-yard dash	27 sec.
440-yard dash	1 min. 5 sec.
880-yard run	2 min. 30 sec.
1 mile run	5 min. 30 sec.
Pole vault	7 1/2 feet
Running high jump	4 1/2 feet
Running broad jump	15 feet
120-yard high hurdles	27 sec.
(Hurdles 3 feet 6 inches high)	
220-yard low hurdles	40 sec.
(Hurdles 2 feet 6 inches high)	
12-lb. shot put	27 feet
12-lb. hammer throw	80 feet
Discus throw	70 feet
One-half mile relay race	Each man to run 220 yards

3. Coaches, trainers and attendants will not be allowed on the field during the games. Failure to comply with this rule will disqualify the competitors from the school by whom the offense was committed.

4. In determining scores for the awarding of prizes in athletics, first place in any event shall count five points, second place three points, third place one point. Should the referee declare a tie for any place in any event, the point shall be divided and a corresponding medal given each contestant so tying. If a tie should occur in any event which would cause a tie between two or more schools for first place in the meet, the particular event causing the tie shall be run over so that first place in the meet may be awarded to only one school.

5. The following rules of eligibility for athletic contests governing the Montana Athletic Association have been adopted by the Faculty of the University. They will be interpreted and enforced by the High School principals and delegates taking part in the meet.

Section 1. No student shall be eligible to play in any Association contest unless regularly enrolled, in regular attendance, and registered in at least fifteen recitations of prepared work, or its equivalent, weekly. "Regularly enrolled" pre-supposes a High School diploma or the passing of an eighth grade examination.

Sec. 2. No student shall be eligible to play in any Association contest who has not been enrolled as a regular student for at least two weeks preceding such contest.

Sec. 3. No student shall be eligible to participate in fall or winter sports who enrolls later than October 15th, nor in spring sports who enrolls later than March 1st of any year; provided, that the above shall not apply to pupils received by transfer from other Montana schools. Such pupils must, however, show an original enrollment as described above.

Sec. 4. No student shall be eligible to play in any Association contest who has not a passing grade to date in every study he is taking.

Sec. 5. No student who shall drop a study later than four weeks after the beginning of a semester shall be eligible to play in any Association contest for *four weeks* thereafter; and no student who shall drop his course later than four weeks after the beginning of a semester shall be eligible to play in any Association contest for four weeks thereafter.

Sec. 6. No student shall be eligible to play in any Association contest who has already played for four years in High School games or who is a High School graduate. Participation in any game or contest in any branch of athletics during any given year shall constitute a year of athletics. A person is a High School graduate who has received a diploma from a High School, if the School at the time of issuing diploma was an accredited High School.

Sec. 7. No student shall be eligible to play in any Association contest who is more than twenty-one years of age at the beginning of a semester.

Sec. 8. No student who, after leaving the eighth grade, has ever competed for money, or under a false name, or with a professional for a prize, or who has sold a prize for money, shall be eligible to play under the rules of this Association.

Sec. 9. No student who has ever been a member of an institution of learning higher than secondary rank shall be eligible to play under the rules of this Association.

Sec. 10. No student who, during any school year, shall become a member of any athletic team not a High School team shall be eligible to take part in any Association contest during the remainder of that year; provided, that this shall not apply to games not maintained during the year by the High School of which he is a member.

Sec. 11. No student, a member of any athletic team, who shall sever his connection with any school during any athletic season, or before the close of either semester, shall be eligible to compete in any Association contest until he shall have been again in regular attendance at least one full semester.

Sec. 12. All girls' basketball games shall be played under the rules governing girls' games.

Sec. 13. The rules of this Association shall apply to all forms of athletics maintained by schools of the Association. The eligibility rules must be complied with, even in so-called practice games with town teams.

Sec. 14. No school shall be eligible to complete in any regular Association contest until its initiatory membership fee of \$5 and its annual fee of \$2.50 shall have been paid.

Sec. 15. No contestant shall compete unless certified by the principal of his school.

ENTERTAINMENT

In addition to providing the trophies and prizes described elsewhere the University will provide under the following regulations free entertainment to all contestants and delegates to the meet:

1. The University will pay the railroad fare of the two debating teams for the final contest and of five contestants (one in declamation, four in athletics; or four in athletics) from each of the state accredited High Schools to Missoula and return (meals and sleeper not included).

It is suggested that by holding at home a preliminary contest in declamation and a field meet to select three contestants, charging an admission fee to each, other contestants may be sent in addition to the five for which the University committee will pay.

2. The transfer of baggage in Missoula, and lodging for three nights and meals for three days will be furnished free to all contestants in debate, declamation and athletics, and their chaperons. The University will not, however, furnish free entertainment to more than ten contestants in athletics and declamation from each school.

3. Schools not on the accredited list may send contestants, and such delegates as qualify under the standard which all contestants must attain in their respective events to be admitted, will be treated as contestants from accredited schools in every way except the payment of railroad fare.

4. No school should send contestants without a competent chaperon, one for young women and one for young men, to lodge with them and be responsible for their deportment. No school will be given quarters without such chaperons. The University does not pay the railroad fare of these chaperons, but furnishes entertainment for them as for contestants.

5. We regret that the limited accommodations of Craig Hall make necessary the announcement that no person but chaperons and young women contestants can possibly be entertained there. Other women even if willing to pay for their entertainment cannot, we regret to say, be received.

6. All chaperons will be admitted free to all events except the debate; contestants in declamation will be admitted free to the declamatory contests; contestants in athletics will be admitted free to the athletic events. Both classes will be admitted free to the final Jolly-up.

All the events of the meet, including the awarding of the medals, will be held on the campus. Young women contestants and their chap-

erons will be entertained at Craig Hall; the men will be assigned by the committee to selected hotels in the city. Principals and chaperons must be responsible for the proper conduct of their students; should hotels prove damages caused by students, the committee reserves the right to withhold the payment of their traveling expenses.

Should any principal wish to seek rooms or meals for his students at any other places than those selected by the committee, the committee will gladly assist him in securing accommodation. But in these cases the parties themselves must assume the extra expense.

PRIZES

The University provides, in addition to the special prizes awarded in the debating and essay contests, gold, silver and bronze medals, suitably inscribed, for all winners in athletics and declamation. A gold medal is awarded to all first place winners, a silver medal to those winning second place, and a bronze medal to those taking third place in any event. There will, therefore, be awarded this year 16 gold, 16 silver and 16 bronze medals, four silver cups, and an individual prize in addition to the ten special prizes given for the final debate—a total of 63 prizes. No institution in the country gives so generously in medals and prizes. With such a large number of prizes, small schools as well as the larger ones have ample opportunity for winning a number of the trophies of the meet.

PRIZES IN ATHLETICS

1. The Missoula cup, a handsome silver trophy, given by the Missoula Mercantile Company, will be awarded permanently in 1913 to the school which shall have won the greatest number of points in athletics in five years.

2. The University will give a special silver cup to the team winning the relay race.

3. The Victor Relay cup, given by the Whitney Sporting Goods Company, will be permanently awarded in 1913 to the school whose relay teams shall have won the greatest number of points in the relay races for five years.

The University gives gold, silver and bronze medals, suitably engraved, for winners of first, second and third places in all the athletic events, a total of 42 prizes for the 14 events.

The University will also give an individual prize to the contestant winning the greatest number of points in the meet.

PRIZES IN DECLAMATION

1. A gold, silver and bronze medal will be given the winner of first, second and third place in the contests for boys.
2. A similar gold, silver and bronze medal will be given the winner of first, second and third honors in the contests for girls.

PRIZES IN ESSAY AND DEBATE

The University will give a souvenir cup to the High School whose team wins at the final contest. The High School winning this cup shall hold it until the time set for the next regular final contest, at which time the cup shall be returned to the University, so that it may be given to the High School that next wins the State Championship. Any school winning the cup three times, or twice in succession, shall become the permanent owner thereof.

1. To every member of a winning team in a University of Montana Interscholastic Debate held before April 1, the University offers a debate medal.

2. To every member of a Championship team in a High School holding, before April 1, a series of debates between at least four different teams within its membership, the University offers a debate medal.

To every school winning, before April 1, a "University of Montana Interscholastic Debate" (for rules see the Debating League Bulletin), the University offers a distinctive debate pennant bearing one star. For every additional debate won before April 1, a star will be added.

The following individual prizes are also to be awarded:

1. The Senator Thomas H. Carter Memorial gold medal for the best essay written by any member of a graduating class of the accredited state High Schools.

2. By Senator Joseph M. Dixon, a gold medal to the best debater at the final contest.

3. The Judge Hiram Knowles Memorial prize, a set of books to each of the three debaters of the winning team at the final contest.

4. By E. C. Mulroney, a set of books to each of the three members of the competing team in the final contest.

5. By John M. Keith, a scholarship in the University of Montana, amounting to fifty dollars, to one of the High School debaters chosen by the President of the University from the twelve members of

the four district champion teams of the High School Debating League. The income of the scholarship will be paid to the student for one year, in two installments: one at the beginning of the first semester; the other at the beginning of the second semester of the first year of his or her enrollment in the University.

INFORMATION

An official blank will be sent to you about April 15 which should be filled out at once and returned to the University. *Names of all contestants must be in the hands of the committee by May 1; later entries will not be admitted.* Please fill out the blank completely; no information is asked for which is not necessary.

A rate of one fare and one-third has been given by the railroads of the state and is expected this year. Purchasers of tickets over more than one road must secure a certificate for each purchase of ticket. In most cases two certificates must be taken, one to cover purchase over each road. *It is absolutely necessary that a certificate be taken in order to receive reduced rate returning.*

The committee having charge of the meet cannot be responsible for loss occasioned by the failure of visitors to secure proper certificates.

Purchasers of tickets must take certificate at place of purchase, paying full fare going.

Tickets are good three days prior to date of meet going, and one day after meet returning, Sundays excepted.

Delegates will present their certificates to Professor M. J. Elrod on Friday at the hours to be designated on the bulletin boards, who will refund the amount of purchase and give to chaperons or managers the amount necessary for their teams to return home at one-third rate. Certificates will be signed by him and returned to the original holders. These certificates are necessary and must be presented at the ticket office to secure the reduced fare returning.

Parties attending the meet, who are not delegates, may receive the same rates, but certificates must be taken as indicated above. These certificates will be signed by the treasurer, named above, after which they will be honored at the ticket office for reduced fare returning.

Please notify the committee when to expect you and you will be met at any train arriving before midnight and escorted to your lodgings. Arrivals after midnight should go to some down-town hotel and come to the University the next morning. Women coming to Craig Hall will be received at any time, but are earnestly requested to inform Miss Mary Stewart, Dean of Women, on exactly what train to expect them.

When you arrive at the station you will be assigned to your proper lodging place, and receive the necessary meal and admission tickets. Coupons are given, good for meals for three days, and lodging for three nights, on the basis of 35 cents per meal and 50 cents for each night. Should the charges be in excess of these amounts the visitors must pay the difference.

All correspondence in relation to the meet should in general be addressed to The Interscholastic Meet Committee, University of Mon-

tana, Missoula. Letters or telegrams demanding immediate reply may be directed as follows; the committee invites correspondence and will cheerfully answer all inquiries:

J. P. Rowe, Chairman.

E. B. Craighead, President of the University.

W. W. H. Mustane, Athletics.

M. J. Elrod, Transportation.

R. N. Thompson, Entertainment of Men.

Miss Mary Stewart, Dean of Women, Entertainment of Women.

G. F. Reynolds, Souvenir Program Essay.

G. M. Palmer, Debate.

R. H. Jesse, Declamations.

SOUVENIR PROGRAM

The committee in charge of the meet is desirous of getting out an artistic souvenir of the meet. This they cannot do without the co-operation and help of superintendents, High School principals, and captains of present and former teams. The souvenir program has, for a number of years, been one of the attractive features of the meet. You can greatly assist if you will make a special effort to send promptly any pictures and information called for by Dr. Reynolds, who has the program in charge.

1912 Score Board

The photograph shows a large, hand-drawn score board for the 1912 season. The board is divided into sections for various teams and individuals, with names and scores listed. The board is supported by wooden posts and has a wooden ramp leading up to it. The background is a forested hill.
